

The Canoe Challenge

A 50 mile K2 team relay on England's historic canal network, paddled to raise money for Endeavour's charity work with young people.

2nd October 2010 will be the 44th Annual Endeavour Canoe Challenge.

This open event is a canoeing team relay run by Endeavour to raise funds for its work with young people. There are two separate events run simultaneously on the English Midlands historic Canal Network. The Endurance event is a 50 miles course, whilst for novice and smaller teams there's a shorter Marathon+ event of 33 miles. This is a K2 kayak event – pairs, working in relay, must paddle a 2 person kayak from start to finish.

We're looking for adventurous people who are inspired by the team challenge of paddling, navigating and supporting one another to complete this challenge. Support, training and equipment will be given for those who have no previous canoeing experience.

Participants will need to commit to fundraising for Endeavour through sponsorship or workplace support.
